Rogue traders will knock on the door, saying they are working in the area, and will point out something like a loose tile on the person's roof or that their drive needs resurfacing. They grossly over charge and then come back again and again, taking more money each time. They may even charge without completing the work.

We have had an increase in "Hawkers" going around knocking on people doors stating they are "reformed prisoners" working for a company trying to sort their lives out. They are trying to sell you stuff that would cost £1 but sell for £5.

This is what their ID's look like or similar. They are fake!!
